**HOW DOES VIK'S BACKGROUND AS A FILM PRODUCER IMPACT HIS LEGAL PRACTICE? BOTH ROLES REQUIRE THE ABILITY TO ENVISION A FUTURE PROJECT OUTCOME; BRING TOGETHER AND SUPPORT A LARGE, DIVERSE TEAM; AND CREATE STEP-BY-STEP STRATEGIES TO ENSURE THE PROJECT'S SUCCESS.**

Known for being responsive and personable, Vik represents a variety of business clients, including serious startups and inspired entrepreneurs, as well as established companies in various industries. His practice includes entity formation and corporate structuring, SEC and Blue-Sky filings, conversions and mergers, and other general transactional work. For merger and acquisition (M&A) transactions, he frequently conducts due diligence and deal analysis.

As a part of his corporate work, Vik assists businesses that are looking to hire individuals with extraordinary ability with applications through U.S. Citizenship and Immigration Services (USCIS), including EB-1 and O-1 visas, as well as handling other general workplace immigration and visa issues.

Believing it important to be both adaptable and hard-working, Vik brings empathy to his client representations, taking time to understand the client's challenges and the competitive dynamics at play and becoming a true team member who will collaborate with them until they achieve their desired results.

## Representative Experience

- Represented a Litchfield, Connecticut-based independent investment manager serving ultra-high-net-worth families, foundations, and trusts, in its recent sale to an Akron, Ohio-based wealth management firm.
- Represented WellWorx Energy Solutions, a Midland, Tex.-based production service company and equipment provider for production automation, solids management, fluid handling and downhole gas management, in its sale to Houston-based Liberty Lift Solutions, LLC.

- As part of a \$270 million deal for a debt-services company, provided extensive due diligence, legal analysis, and counsel to client.
- Successfully responded to a notice of intent to deny from the USCIS and secured an EB-1 for the client to continue working on revolutionary technology.
